- Sukhoi SSJ-100
- Antonov An-148/158
- Bombardier CS-300
- Irkut MC-21

We always search for the right aircraft type, configuration and support package to match airline's business in the best way.

The larger variant of the CSeries will be one of three main types in IFC's new-look portfolio, sitting between the smaller Sukhoi Superjet and Irkut MC-21 narrowbody.

OUR VISION AND STRATEGY

Our Vision – “to Globalise the IFC brand and scope of operations using newly acquired next generation aircraft assets to secure good credit customers on every continent within 2 years”.

Our Strategy – to further develop our hard earned domestic aircraft leasing and financial capabilities into a Global Aircraft leasing platform with a mixed portfolio of new generation aircraft and an international customer base, by using our new aircraft orders to expand and diversify our customer base globally.
